G. A. Hibbard has rented his house on North Main street, recently vacated by Mr. and Mrs. L. Colvin. Of course we don't know the name of the renter but his initials are quoted as F. W.

Who says this isn't an age of progress? Just a few months ago the Cresset had us down as mere low-grade hirelings and now we are "pulsantious editors." Great Scott, if Axline don't let up he'll finally say something nice.

Persons who are troubled with indigestion will be interested in the experience of Wm. H. Penn, chief clerk in the railway mail service at Des Moines, Iowa, who writes: "It gives me pleasure to testify to the merits of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For two years I have suffered from indigestion, and am subject to frequent severe attacks of pain in the stomach and bowels. One or two doses of this remedy never fails to give perfect relief. Price 25 and 50 cents; sold by J. R. Young Drug Co."

The January Arena is the most interesting number that has appeared in many months. It is of special interest to legislative bodies, physicians and lawyers an account of the article on "A Court of Medicine and Surgery," written by A. B. Choate, the prominent lawyer, at the request of leading physicians. Mr. Choate intends to inaugurate a movement which it is believed by some of the ablest lawyers and physicians will be of vital importance to medicine and surgery as well to the public as was the movement that resulted in the establishment of trial by jury to the public and to the legal profession. This is the opening shot of a campaign that will be waged from the Arena's pages by leading physicians, surgeons, and jurists in the near future, and that will be carried before the legislature in Minnesota and elsewhere this winter.

The application of W. J. Cattell, of Kiowa, to sell intoxicating liquors for medicinal, mechanical and scientific purposes was heard before Probate Judge Funk yesterday afternoon and granted. The application met with no opposition.

On Monday the Board of County Commissioners ordered the county attorney to issue an injunction against the county treasurer enjoining him from paying interest on bonded indebtedness, pending the prospective compromise now being worked upon by L. A. Bigger, of Hutchinson.

Mothers whose children are troubled with bad colds, croup or whooping cough will do well to read what Dr. R. E. Robey, of Olney, Mo., says on this subject. He writes: "For years we have used Chamberlain's Cough Remedy, and always keep it in the house. It is regarded in our family as a specific for all kinds of colds and coughs. The 25 and 50 cent bottles for sale by J. R. Young Drug Co."

The coming year will be crowded with big news events and happenings, the details of which everyone interested in national and foreign affairs will want to read. The best Western newspaper published is the Semi-Weekly Republic of St. Louis. It is only \$1 a year, and for that amount it will send two papers a week to any address for one year. The Republic daily is \$6 a year, \$3 for six months or \$1.50 for three months.

Royal shirting 10 cents per yard at Woodward's.

Married, December 24 at 5 o'clock p. m. at the residence of the bride's father near Galena, O. T., Chas. E. Pharo to Miss Georgia E. Martin, Elder David Nation performing the ceremony. The bride looked lovely dressed in silver gray cloth with cut steel ornaments. Miss Georgia is a noble type of young womanhood and the groom may well be proud of the prize he has won. Mr. Pharo is the junior partner in the firm of Martin & Pharo.

Miss Martin was at one time a resident of this county and has many friends who will wish her a happy voyage down the stream of life.

Since Jerry Simpson is returning to Congress it is recalled in Washington that he was the very first Representative to throw dignity to the winds and to appear sailing down Pennsylvania avenue on a bicycle. The gay exhibition which was apparent in his countenance every morning as he reined up his steel steed in front of the capitol quickly made the example contagious, and Congressman Tom Johnson, single-taxer and free trader, was the next to brave public opinion. That broke the ice, and so many of them use the wheel now on the streets of the capitol city that no one keeps any track of the new members who are learning from time to time—Famous Folk, in K. C. World.

The Lyceum Theater Stock Company entertained our citizens at the Opera House last Wednesday night. Their play, "By Wits Outwitted," was laughable and was what could be called a farcical comedy throughout. Prof. McManigle entertained a great many of people in the afternoon and evening in mind reading and mesmerism. The professor is certainly well skilled in the mysterious intricacies of the profession. He demonstrated his ability as a mind reader at different times while in the city by successfully finding the article his subject had hidden and what he had in mind. As a mesmerist he is equally successful as all will testify who saw his work on the stage. Prof. McManigle is the ablest mind reader and mesmerist we have ever met.

Dr. Mattie Karr started on Sunday for Guthrie, where she will open an office and engage in the practice of her profession. She will, however, continue to make her home in Alva devoting a portion of the time to her practice here. Miss Karr has proven herself worthy of public confidence during her two years practice here, and it is with regret that we announce her departure even for a portion of her time. The citizens of Guthrie are to be congratulated upon the acquisition of Dr. Mattie Karr to the medical profession of that city. Mr. Charles E. Beeton and Miss Minnie L. Fuller were joined together in the ties of wedlock, Rev. W. G. Shaw pronouncing the ceremony, at the home of the bride's father near Alva, on Dec. 25th, 1896.—Alva Review.

Orlie Ross came down from Kansas City on Saturday to spend a few days with his folks.

Charles Taliaferro tells a good one on Levi Groves at the Friday night's "doins." By the way, Levi is Charley giving it to us straight?

Miss Esther Lusk returned to Sexton on Sunday and re-opened her school on Monday, after having spent the holiday vacation week with friends in the city.

The New Year Ball at the Opera House was a complete success socially, if not financially. The manager says too many danced on "tick" to make the affair very healthy financially.

Miss Della Ficus departed on Monday for Pottsville, Mo., where she will reside with her sister. She was accompanied as far as Winfield by Miss Mattie Johnson who has entered college at that place.

Tom Brown has accepted a position with the Medicine Lodge Roller Mills. Mr. Brown is an experienced miller and will prove to his employers that they have made no mistake in securing his services.—Kiowa Journal.

Notice H. G. Waltner's "ad" in this issue. Mr. Waltner has secured the necessary space to talk to INDEX readers during the next year and it will pay you to keep posted on the bargains he is offering.

Joe Luallen is figuring on buying the Coan & Speece photograph gallery. Joe is a skilled photographer though he has not followed the business since he came to the county. We predict that he will make a success of his new vocation.

On Friday night a blizzard struck these parts and continued rather unpleasant for a few days but at this time it has moderated considerably. Unless old Boreas catches a new hold soon there will be no ice this winter at this place.

S. H. Oliver, W. J. Cattell, W. F. Smith, W. F. Julian and A. B. Rumsey came up from Kiowa yesterday noon. Part of them came to attend commissioners court and others came to attend Probate court in the hearing of the Cattell permit application.

Geo. L. Graves and John Hull were up from Elwood and Moore townships on Friday night to attend the A. O. U. W. installation and supper. They remained in the city all night and had the pleasure (?) of returning home through the storm the next day.

On account of the blizzard on Saturday night, the electionary entertainment to be given by Prof. Murrey K. Martin was postponed until Monday night. The attendance at that time was only fair but the entertainment was pronounced excellent. Prof. Martin is a very able electionist.

W. C. Alford informs us that J. M. Dake, of Nunda, N. Y., has received about fourteen hundred bushels of rent corn from his farm near here this season, besides a quantity of Kaffir corn and a small amount of wheat. He has cribbed the corn to hold for better prices, which we think is a wise move.—Hazelton Express.

Fred Leibst was down from Mumford yesterday and left us a dollar on subscription. Mr. Leibst's subscription would not have expired until March 23, but he is one of those whole-souled subscribers who would rather pay in advance two years than to be delinquent one day. Such men as he give encouragement to publishers and are a credit to any community.

The Peoples Party central committee meets next Saturday, January 9th. This is the most important meeting since the campaign and the most important that will be held before the next campaign opens. Committeemen have been advised as to what is expected of them at this meeting and they will no doubt come prepared so that the county committee can act intelligibly.

The progressive ladies of Westfield, Ind., issued a "Woman's Edition" of the Westfield News, bearing date of April 3, 1896. The paper is filled with matter of interest to women, and we notice the following from a correspondent, which the editors printed, realizing that it treats upon a matter of vital importance to their sex: "The best remedy for croup, colds and bronchitis that I have been able to find is Chamberlain's Cough Remedy. For family use it has no equal. I gladly recommend it." 25 and 50 cent bottles for sale by J. R. Young Drug Co.

On Sunday Clate Simpson took Miss Esther Lusk to her school at Sexton but failed to return at night and did not "show up" the next morning. This alarmed Mr. and Mrs. Simpson and Uncle Bob started at 8 o'clock on a searching tour. Clate, however, came in at about 1:30, minus the buggy, but sound in body. He explained that he had a break-down near Ogden's house and concluded to remain in the house secure from the storm until the next morning. Uncle Bob returned home at about 5 o'clock p. m. and was happy to find that the son had driven in. The buggy was not damaged materially.

MILLS HITTLE—Govan Mills, of Lake City, brother of Sheriff O. Mills, was married to Miss Maggie Hittle, of Mingoua township at Pratt last Friday, January 1. Govan is a genial whole-souled fellow and will make a model husband. We are not acquainted with the bride but she is highly respected by the people of western Barber and it goes without saying that she will make a wife of whom Mr. Mills can well be proud. For a complete history of the parties as well as a thorough description of the ceremony, supper, etc., see Tonk Mills and Judge Funk: they are well acquainted with the particulars but owing to our poor memory we cannot now recall it all. However, we know that the couple is composed of two of Barber county's best citizens and we take pleasure in extending congratulations.

SHARON.

On Sunday morning the mercury stood at nine degrees above zero at this point.

Bro. Ingle of the Christian church will begin a meeting at Sharon on Wednesday evening.

E. E. Miller, a clerk in the pension office at Topeka and a nephew of T. W. Davis, has been spending a few days in visiting with T. W. and family.

A brother of Calvin Smart, of Cedar township, who lived several years in Haskell county, moved to Missouri but not liking it there has returned to Barber and will locate at Kiowa.

Two gentlemen are holding a large bunch of horses on the farm of David Clough where they have the advantages of good water and the shelter of Mr. Clough's grove and where the country abounds in Kaffir corn, hay and corn, which they can buy at reasonable rates. I understand these gentlemen have a job on a water ditch at Woodward, and they intend to have their teams in good shape to begin operations when spring opens.

The snow is about three inches in depth in this valley at present and it was preceded by a good rain.

The temperature has not fallen quite to zero yet this winter.

Mr. Gorman resumed charge of his school at Sharon on Monday.

Ellas Pelton delivered one hundred pear trees to C. A. Blackmore recently. Mr. Blackmore has a very nice orchard which he keeps in good condition. He is one of our best horticulturists.

STRAYED—From R. C. Warren's on Elm Creek, December 25, 1896, two red heifer calves branded B H (= over H) on left hip, fresh brand. Leave information with Houchin & Palmer, Medicine Lodge, Kansas.

Miss Merrib Campbell was married to a man named Davenport in Kansas City on or about Christmas. Miss Merrib moved with her parents from this place to Kansas City about three years ago and her marriage is quite a surprise to her many friends. She is 19 years of age.

D. N. S. Mansfield, of Hazelton, appeared before the Board of County Commissioners yesterday afternoon for a recommendation to a place in the Soldiers' Home. His pension is small and he is seriously affected with St. Vitus Dance. The Board acted in accordance with the request. Mr. Mansfield is perfectly sane but his system seems wrecked. His condition is one which excites sympathy from all who see him.

"My daughter, when recovering from an attack of fever, was a great sufferer from pain in the back and hips," writes Louisa Grover, of Sardis, Ky. "After using quite a number of remedies without any benefit she tried one bottle of Chamberlain's Pain Balm, and it has given entire relief." Chamberlain's Pain Balm is also a sure cure for rheumatism. Sold by J. R. Young Drug Co.

STRAYED—From my ranch 5 miles Southeast of Lake City, 2 mares with colts, 1 branded on left hip, 1 branded on left hip, 2 black geldings branded 7 on left hip, 1 bay gelding with split ears, branded as above. Also some cattle branded on either hip. Any information leading to the recovery of the above will be liberally rewarded.

STRAYED—From my place five miles south of Lake City, some time last summer, two Yearling steers branded on left hip and small crop and two spotted (all connected) calves. Any information leading to their recovery will be paid for information as to whereabouts or delivery at my place.

THAT RECEPTION.

The public installation, entertainment and supper given by and under the auspices of the A. O. U. W. last Friday night was a fitting orderly jollification for the first day of the new year. The lodge met in the A. O. U. W. hall and marched to the Opera House at about 8:30 where the newly elected officers were duly installed in the presence of over three hundred spectators. After this followed a selection of instrumental music by Mrs. C. D. Kackley, which was followed by a short address on the advantages to be derived by membership in the A. O. U. W., its charity and fraternity, by Hon. G. W. McKay. His address was very instructive to those who were not familiar with the workings of the order.

This was followed by several selections of vocal and instrumental music by different persons, among them Miss Anna Knight on the harp and piano, Miss Hilda Stevens in a vocal solo, "Won't You Buy My Pretty Flowers," and several choice selections by Messrs. Walstead and Chase on the violin and piano. The music was all first-class and the musicians were repeatedly encored.

The entertainment, so far as stage performances were concerned, closed by a skilled performance by Mr. Jesse Taliaferro on the tambourine, dressed in a unique negro costume, and an instrumental quartette by the Pixley minstrel club by Messrs. Taliaferro, Taliaferro, Groves and Snodderly. In both of the renditions Miss Knight played the accompaniment on the piano. For fun and laughter these performances took the cake. Jesse Taliaferro knows how to handle the tambourine and in dancing a jig he is all right. Jim Taliaferro brought everything out of the hat that was in it, while Groves and Snodderly handled the fiddle and bones in regular old negro fashion. The boys had the "color" on them and their actions were up-to-date. They will some day find their fortunes with some great theatrical company. This closed the entertainment and I. W. Stout announced that the supper in the room below was waiting. Of course it didn't require a second sound of Dr. Stout's gentle voice to start the crowd to moving and in a few seconds the eating apartment was packed. Well we can't say what else happened. Suffice it to say that we got at the first table and we left others to "chew the rag" while we took ours in turkey, pork, beef, cabbage, tomatoes, pickles, pie, cake, etc., etc. As luck had it, however, there was enough left for the rest of them and if anybody went away hungry we failed to hear of it.

The finishing touches were put on the occasion by a social dance which broke up at about 2 o'clock, a. m.

The crowd was a large one, consisting of many people from the county. Quite a delegation was in from Sharon, Elwood and other points equally distant. The A. O. U. W. knows how to entertain, as all who were in attendance will readily testify.

WILL F. WELCH DEAD.

The following notice of the death of W. F. Welch appeared in a late issue of the Independence (Mo.) Blade, the paper on which the deceased was last employed. Mr. Welch was foreman on the Cresset in this city a couple of years ago and made many friends while he resided among us. His step-son, Earl Ridgeway, was run over and killed by a street car a short time ago.

Will F. Welch died Monday evening at his home on north Osage street. For the past eight months he has been confined to his bed with consumption and his death has been expected by his friends and relatives for some time. Will F. Welch was born Jan. 8, 1870, at Oskaloosa, Iowa. He was an expert compositor and had been engaged in the newspaper work all his life. He went to Kansas when quite young and associated with his brother, J. D. Welch, now of the Blade, in the publication of the Pawnee Rock Leader, the La Crosse Chieftain and also the Midland Mechanic of Kansas City. He also conducted the Holington Blade and the Frederick Bulletin. He came to Independence January 1st of this year and engaged as a compositor on the Blade, but about May 1st he was compelled to relinquish work on account of ill health. He leaves a wife and two children and two step children. Four sisters and two brothers survive him. Funeral services were held at the family home Wednesday by Rev. Ryland of the Maple Avenue M. E. church. Although Will Welch had not resided here long, yet his gentlemanly manners and kindly disposition had won for him many friends who sympathize with the family in their sad bereavement.
